PERSONAL PROFILE

I enjoy coding and look forward to using my skills on commercial, meaningful projects.

EDUCATION

UNIVERSITY OF WARSAW
FACULTY OF MATHEMATICS, INFORMATICS, AND MECHANICS
Computer Science Bachelor's | October 2019 – Present

SKILLS

- Python
- Django
- Relational Databases
- Algorithms and Data Structures
- C++

PROJECTS

CINEMA MANAGEMENT SYSTEM (LINK)

Used **Python**, **Django**, **PostgreSQL** and **Bootstrap4** to create a Cinema Management System by building a web application that allows users to order tickets for showings and staff to manage showings, halls and movies.

STUDENT PLATFORM (LINK)

Used **Python**, **Django**, **PostgreSQL** and **Bootstrap4** to create a platform for students to gather in groups and share knowledge and homework.

BACKUP SCRIPT (LINK)

Used **Python** to create a script that allows users to back-up their files, keeping old copies of previously copied files.

UNIVERSITY PROJECTS (LINK)

Used **C++**, **C**, **Java** and **OCaml** to submit my projects during my bachelor's at University of Warsaw.

OPERATING SYSTEMS

- Linux (Ubuntu)

TOOLS

- Pycharm
- Visual Studio Code
- Git
- Github

LANGUAGES

- Polish – Native
- English – B2
